About Me

A detail-oriented Frontend Developer with 3 months of internship experience in frontend development. Proficient in Javascript, HTML, CSS, React and TailwindCSS. Seeking a junior frontend developer position to put my skills into practice and to be part of a dynamic team.

Work Experience

Myanmar High Society | Junior Frontend Developer Intern Nov 2022 – Jan 2023

- Developed and maintained the company's e-commerce website using React and TailwindCSS.
- Utilized Git for version control and collaborated with team members on code development.
- Assisted in debugging and troubleshooting issues to improve website performance and user experience.
- Contributed to the development of a responsive design for the website using CSS Grid and Flexbox.

Personal Projects
